# L3110
Start Here

Read these instructions before using your product.

1 Unpack

Note: Do not open the ink bottles until you are ready to fill the ink tanks. The ink bottles are vacuum packed to maintain reliability.

Remove all protective materials from the product.

**Note:** Do not turn on the product yet.

2 Fill ink tanks

Caution:

- This product requires careful handling of ink. If ink spills, wipe it off immediately with a damp towel to avoid permanent stains. If ink gets on your clothes or belongings, it may not come off.
- Epson cannot guarantee the quality or reliability of non-genuine ink. The use of non-genuine ink may cause damage that is not covered by Epson's warranty.
Warning: Keep the ink bottles out of the reach of children and do not drink the ink.

**1** Open the ink tank cover and the cap for the black ink tank.

Note: Refer to the color-coded sticker on the ink tank unit to identify the color of each tank.

2 Unpack the black (BK) ink bottle. Hold the ink bottle upright and slowly turn the bottle cap to remove it.

Caution: Do not shake or squeeze the ink bottles. Do not touch the top of the ink bottle after its cap is removed.

3 Position the top of the ink bottle along the front of the filling port, then slowly stand the bottle upright to insert it.

**Note:** Do not force the bottles into position; they are keyed for each color.

4 Wait for the ink to fill the tank. **Do not squeeze the bottle.**

Note: Ink flows into the tank and stops automatically when the ink tank is filled to the upper line. If ink does not flow from the bottle, lift and reinsert the bottle.

5 When the ink tank is full, remove the ink bottle and securely close it with the bottle cap.

Note: Do not leave the ink bottle inserted; otherwise the bottle may be damaged or ink may leak. If any ink remains in the bottle, store the bottle upright for later use.
EPSON®
EXCEED YOUR VISION

6   Close the black ink tank cap.

7   **Repeat the previous steps for the other colors.**

**8**   Close the ink tank cover.

3   Turn on and charge the ink

1   Connect the power cord to the back of the product and to an electrical outlet.

Caution: Do not connect to your computer yet.

2   Press the ⏻ power button to turn on the product, then wait for the ink light to stop flashing and stay on.

3   Press and hold the ▽ stop button for **5 seconds** until the ⏻ power light starts to blink and ink charging begins.

Note: Ink charging takes about 10 minutes. When the ⏻ power light stops blinking, ink charging is complete.

Caution: Do not turn off the product, open the front cover, or load paper while the product is charging or you'll waste ink.

Note: Use the ink bottles included with the printer to set up the product. Part of the ink will be used to charge the print head. These bottles may print fewer pages compared with subsequent ink bottles.
4   Load paper

See the online *User's Guide* for information about loading capacity and available paper types and sizes.
1   Make sure the product is not charging ink. Then flip the feeder guard forward, raise the paper support, and tilt it backwards slightly.

2   Slide the edge guides all the way out.

3 Load A4- or letter-size paper, glossy or printable side up and short edge first, in the middle of the rear paper feed slot.

4 Slide the edge guides against the paper, but not too tightly, then flip the rear feeder guard back.

5 Pull out the output tray, then raise the paper stopper.

5 Install software

Note: If you are using a Mac or your computer does not have a CD/DVD drive, an Internet connection is required to obtain the product software.

1 Make sure the product is **NOT CONNECTED** to your computer.

Windows®: If you see a Found New Hardware screen, click **Cancel** and disconnect the USB cable.

2 Insert the product CD (Windows only) or download and run your product's software package. For the latest software, visit **www.epson.com.jm/support/L3110**.

3 Follow the instructions on the computer screen to run the setup program.
Any problems?

There are lines or incorrect colors in my printouts.

Run a nozzle check to see if there are any clogged nozzles. Then clean the print head, if necessary. See the online *User's Guide* for more information.

Setup is unable to find my product after connecting it with a USB cable.

Make sure your product is on and securely connected as shown:

Error indicators

If you see one of the error indicators below, follow the steps here to proceed:

☼	Flashing	● On

|	
● ⬦	Initial ink charging may not be complete. Be sure to complete the steps in the "Fill ink tanks" and "Turn on and charge the ink" sections.
☼ 🗋	Paper is jammed. Remove any jammed paper from inside the product or from the rear paper feed slot. Make sure your paper is loaded correctly, then press ⬧ or ⬧.
● 🗋	Paper is out or multiple pages have fed into the rear paper feed slot. Load paper correctly in the rear paper feed slot, then press ⬧ or ⬧.
☼ ☼⬦ ☼🗋	Printer error. Turn off the product and check that no paper or other foreign object is inside the product.

Any questions?

User's Guide

Windows: Click the icon on your desktop or Apps screen to access the online *User's Guide*.

Mac: Click the icon in **Applications/Epson Software/Guide** to access the online *User's Guide.*

If you don't have a User's Guide icon, go to the Epson website, as described in the next column.
